

This architectural floor plan shows a building with a complex layout. On the left, a sloped roof structure is depicted, featuring a small rectangular protrusion and a larger, textured rectangular area. The main interior space is a large, irregularly shaped room containing four rectangular windows, each marked with two diagonal lines. To the right of this main room is a long, narrow corridor or hallway. Further right, there are two large, rectangular rooms, each filled with vertical lines and containing a small, dark rectangular feature. The building's exterior walls are shown with various textures, including brickwork and a pattern of small circles. The overall style is a simple line drawing.
